

Important Instructions - Please read!

- 1. Enroll learners in WIN Career Readiness System prior to administering the test.** Enrolling learners in the system creates a WINCRS ID that needs to be entered on the answer sheet. This facilitates scoring. The ID needs to be provided to the learner / participant prior to testing. The ID can be found under User Administration. Please visit the WIN Resource Center to learn how to enroll learners or find learners in WIN Career Readiness System. If you need assistance with enrolling learners prior to testing, please feel free to contact our support department at support@winlearning.com or by calling **888-717-9461, Option 3**.
- 2. Make sure learners bubble and write in the required information on the front of the answer sheet.** If learners do not complete this step, it will take extra time in processing their answer sheet as the information has to be completed prior to scanning. See Sample answer sheet.
