CRS Dashboard - WIN Learning Resource Center

WIN Career Readiness System: Dashboards

When administrators / facilitators log into the portal, they can see various graphs relating to the products. The purpose of the dashboard is to provide information about learner progress quickly and efficiently.
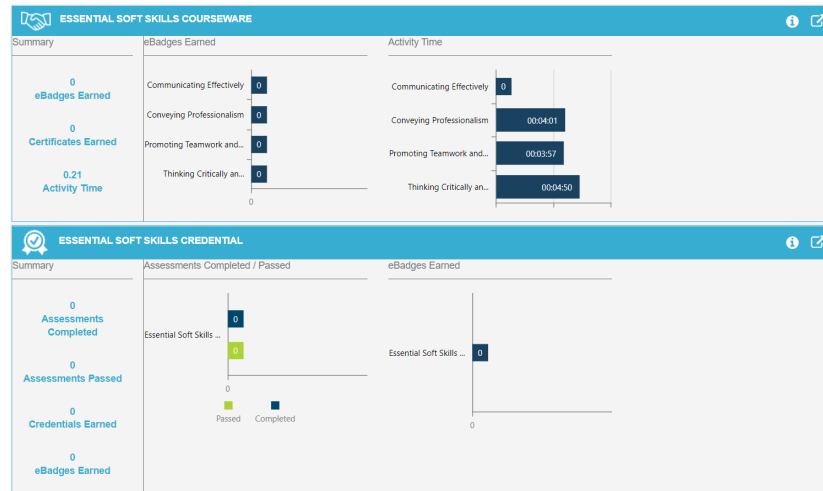

Header Action Items

There are several options across the top of the dashboard. The data range and print button will appear on each page within the portal. These are referred to as action items. Tool tips and data explanations will appear when hovering over a link or button and the data respectfully.

- **Dashboard** will always bring you back to the dashboard view.
- **Reports** allow access to all reports within the portal. Choose a report to generate from the dropdown list.
- **Resources** opens the WIN Learning Resources page for support materials and additional program information.
- **Products** provides access to the learning courses from a dropdown menu. Access to courses is determined by your WIN Learning contract.
- **Admin** allows access to User Administration or Organization Administration.
- **Calendar** is used to set data ranges for dashboard data. Select the date range to display. All dashboard reports will default to the specific dates chosen. The date range stays static until it is changed.

- **Print Icon** 🖨 prints PDF's of the dashboard data.

- **User Profile** 👤 is used to change passwords and see permission rights within the portal.

- **Envelope Icon** ✉ displays contact information for the Support Team.

- **Arrow Icon** ➡ is the log out button. Always use this button to exit the program.

- **Bell Icon** 🔔 is for notifications and pertinent information. There will be green bubble to indicate unread notifications.

Data at a Glance

At the top of the data graphs, total activity during the date range is displayed. This includes number of learners enrolled, number of active learners, hours logged, total eBadges earned, total Certificates earned and total Credentials earned. These numbers reflect usage over all courses and assessments. These boxes change depending upon your program access.

Portal Personalization

WIN

ABC School District Stage
ABC School District is committed to revolutionizing teaching in the classroom by utilizing engaging technologies for digital learning.   see less

There is an option to personalize the WIN Learning portal with a logo and program description. This is client choice. Choose **see less** to minimize the description.

Display Data Charts

Data charts provide timely data for each product based upon the date range selected. The first column is always a summary of activity. The other columns provide more granular data for benchmarks within the courses or assessments. Hover over each graph component to see totals and percentages. Percentages indicate overall performance within each category.

Use the **up-arrow button** on the far right to navigate to that course or assessment.

Select the **information icon** to see more information about each product.
